

ATTENTION PARENTS !!

MANDATORY IMMUNIZATIONS

FOR INCOMING KINDERGARTEN STUDENTS

In order for your child to be admitted on the first day of school, they MUST have one of the following:

- **Written proof of immunization from your health care provider**
- **Signed personal or religious exemption**
- **Medical exemption signed by your physician**
- **Proof of immunization submitted within 14 days of notification**
- **A signed, written plan demonstrating that the required immunizations for the student will be obtained within the required time frame**

2015-2016

Colorado law requires children in school to have an immunization record on file and to have the required immunizations. Immunizations protect our children from disease. If your child cannot receive immunizations because of medical reasons or because you have a religious or personal reason to exempt your child, the exemption line on the Certificate of Immunization must be signed. This certificate is available at the schools.

Following are the required immunizations for entering Kindergarten:

- 5 **DTaP (4th or 5th dose must be given after 4th birthday)**
- 4 **OPV (4th or 5th dose must be given after 4th birthday)**
- 2 **MMR (1st dose must be given after 1st birthday)**
- 3 **HEPATITIS B**
- 2 **VARICELLA (1st dose must be given after 1st birthday)**
Chicken pox or written verification from your doctor if your child has had the disease

Students new to the St. Vrain Valley School District must present an immunization record at the time of registration. They will not be able to start classes until an immunization record has been presented to the school.

Please give your child's immunization records to the office.
