

Dear Parents,

We are thrilled to welcome you to the Hygiene community and would like to introduce ourselves as the Kindergarten teachers. Miss Tucker currently teaches the full day class, and Mrs. Pelletier teaches the half day kindergarten. We are proud to be soaring Hygiene hawks!

Miss Tucker graduated from CSU with degrees in Human Development and Family Studies, as well as Early Childhood Education. She has traveled to a number of other countries and worked with children around the world. She enjoys seeing the immense growth that kindergartners make throughout the year!

Mrs. Pelletier received her undergraduate degree from Regis University in English, Education, Special Education, and Psychology. She will receive her Master's in Educational Psychology from UNC this December. Mrs. Pelletier has two children of her own and enjoys traveling, camping, and spending time with her family. She loves kindergarteners' curiosity and love of life!

In kindergarten at Hygiene, we teach rigorous academics enhanced through the arts. We hold students to high standards because we know that they can achieve them. We teach through various modalities, including movement, creative arts, technology, and more! Our students excel in all areas, including language arts, math, social studies, and science. We use the district provided curriculum, supplemented with other materials, to meet the Colorado Academic Standards. We strive to balance rigor with developmentally appropriate practices. We can't wait to have your children in class and watch them SOAR!
